TOWNSHIP COMMITTEE.

DAY NIGHT'S DISCUSSION OF THE ELECTRIC LIGHT CONTRACT.

at the proposed introduction of electric t into this town is the most important the unestion before the people at present as manifested unmistakably by the array of the active part taken by ladies connected with made the subject of discussion before a public as the latter process resulted in such a satismeeting. Judge Dodd said that it should be aderstood that the part of the Committee in he public meeting would not be that of of nders of the contract. As the guardians the public interests they should sit as a at and be guided in their deliberations by popular will expressed in a fair and unprej col discussion of the several features of the cument, Chairman Theodore Ward informed citizens that their request of the publication the contract and a public meeting for its ussion would be acquiesced in. Mr. H. M. Barrett, counsel for the electric light company, and on the founship counsel to explain the premature publication of the proposed contract In THE BLOOMFIELD CITIZEN. The counsel

topical that the matter was a public one. It had been read publicly before the Town Commutee, citizens were present and heard it, it became the property of the public and THE CITIREN had the right to publish it for the information of the public. Mr. Barrett was still unsatisfied and insisted with great heat that the publication was a breach of confidence of the part of the Town Counsel, since the form of contract was submitted by the Counsel of the Committee in confidence to the Committee. at the meeting the reporters present were at berty to take it all down and publish it. Mr. arrett endeavored to fix the responsibility for taste. the publication personally on the Town bunsel and stated that he regarded it as a much of professional etiquette. Judge Dodd se at this juncture and suggested that the mulittee go into executive session and hest all persons present in an unofficial pacity to retire. Committeeman George W. supplemented the suggestion with a of extraordinary quality, both from that the Committee go into executive France and California, with son and everybody present be invited to and The publication in the Crrizen became theme, of discussion. Mr. Edward Wilde to suit the most fastidious taste. and approved the recommendaall also was pleased at the action of the of all kinds, both foreign and domessomethe town counsel in its report. Mr

opping commended the publication, as did the grand old Centre Store. Mr. Barrett was asked to state the company's ection to the consent clause which was, remended by the town counsel to be embed in the contract. He said it was never inserted fore in any contract made between the lison Company and any town. The obtaining the consent was a matter which in his mion the Township Committee need not beern itself about. The company was bound contract to furnish five hundred lights and dight sir-h parts of the town as are now ided by gas they would be under botals to their contract. The obtaining of the ant was a matter to be settled between the any and the property owners, Judge dd was decided in his remarks, differing with empany's counsel as regards the position Town Committee in the matter of consent. was chiefly through the consent that the terratice would arrive at a proper unders and the public mind in the matter. The awarding of a frauchise was not the the duty of the Committee in the matter. interests were at stake. The Committee the chosen representatives of the people public confidence was reposed in them pubinterest were therefore to be defended by il. It was eminently just and proper that consent should be submitted. The method posed by the company left property owners jet to correion, Mr. Wilde addressed the Initiee at length on the same subject. He moned carefulness in dealing with corporaseither foreign or local. They had small souls is large pockets. Mr. Wilde noted a decided novement in the gas service since the mation of the electric lights. Mr. Gallagher stioned Mr. Barrett as to the methods to be saided by the electric light company in the of opposition from property owners. The mulitee after the citizens had retired disused the two amendments suggested by the Town Counsel relative to consents and limitan of the franchise, till nearly midnight. The repaired finally voted to embody these two five in the limitation clause. The attorney The company was then requested to recraft securract in accordance with the conclusion would, and the Town Counsel was instruct-

When THE CITIZEN went to press last week' the proceeds of the Glen Ridge Fair were so uncertain that but little more than a guess was possible. Now, however, we feel safe in stations that \$1.450 have been cleared. That such ing that \$1,450 have been cleared. That such a success has been achieved is owing, not only to the zeal of the Glen Ridge church, but to the cordial co-operation of friends in all denomiknowledge their obligations, and to express town, and all others, who have so generously essisted them in every possible way. First, to the officers of the First Presbyterian church, who materially increased our receipts by giving us the free use of their very commodious room, and to the Ladies Aid Society, who made us welcome to their dishes, etc., thereby greatly, adding to our convenience. We would also thank the Rev. Father Nar-

diello, for offering us the use of his hall. But as we recall those to whom we are indebted. their hame is legion; space will permit us to thank only in a general way, the many who have lent a helping hand-either by advertising in our paper, by loaning, according to our needs, by contributing whatever we wished? money, flowers, fruit and vegetables, milk, offee, canned goods and groceries of all kinds, orders for coal and articles for the fancy, refreshment and other tables. Also, those who have given their time and work, who have used' their horses and vehicles in our service, and who have done kind acts too numerous to mention. One gratifying feature of our fair was

sentative citizens present at the Town other churches, who brought gifts to our tables. and then helped us sell them. And what shall and then helped us sell them. And what shall I say more? For the time would fail me to tell of those in Montelair, Orange, Caldwell. Mr. Joseph De Gallagher, Mr. Robert S. Newark, New York, Brooklyn, and many other Mr. Edward S. Wilde, Mr. Thomas places, whose donations helped to make our fair what it was. To one and all we offer grateful thanks. And last, but not least, we would ex-Wilde, Oakes and Rudd made brief press our cordial appreciation of the substanblresses, the substance of which was that fair. One hearts-were gladdened by the filling of our shelves; who shall say that it was not ready for signature it would be published and more delightful to see them cleared, especially
